## **FHLB Des Moines Will Continue MPF ® Program**

FHLB Des Moines will continue to offer our members the Mortgage Partnership Finance ® program. FHLB Des Moines will continue to provide service to our current Participating Financial Institutions and will continue to renew and accept applications for master commitments to purchase mortgage loans from new Participating Financial Institutions.

Yesterday, the Federal Home Loan Bank of Chicago announced to its members that the Chicago Bank would no longer enter into new master commitment agreements or renew master commitments to purchase mortgage loans through the MPF program. This action does not impact the agreement the Chicago Bank has with the other FHLBanks that offer the MPF program. In its announcement, the FHLBank of Chicago acknowledged and stated that it will continue to provide programmatic and operational support for the FHLBanks participating in the MPF program. This will allow FHLB Des Moines to continue to provide the benefit of the MPF program to our members as long as operational support is available. FHLB Des Moines will continue to monitor developments at the FHLBank of Chicago.
