Federal Home Loan Bank of Des Moines Announces \$160,000 in funding for First-time Homebuyers in South Dakota

(Des Moines, IA) - Grants totaling \$160,000 were recently awarded to four community banks in South Dakota to help individuals and families achieve the dream of owning their own home. The grants, awarded to Federal Home Loan Bank of Des Moines members, are part of the Bank's Urban First-time Homebuyer Fund (UFT) which supports efforts to provide permanent housing to families and individuals in communities with a population of 25,000 or more.

Great Western Bank, Watertown; CorTrust Bank National Association, Mitchell; and Black Hills Federal Credit Union, Rapid City will each receive \$50,000 in UFT grants to provide housing assistance to their communities. Wells Fargo Bank, NA, Sioux Falls will receive \$10,000.

FHLB Des Moines members are eligible to receive up to \$50,000 in UFT grants to provide housing assistance in communities throughout the Bank's five-state district. In response to community housing and economic challenges, the Bank changed the 2009 Urban First-time Homebuyer Fund guidelines to address the issue of foreclosure. Eligible households will receive up to \$10,000 to purchase a foreclosed property and all other households will receive up to \$5,000 under the UFT program.

"Community banks are concerned about their communities and welcome opportunities to serve their local customers. These grants provide them the opportunity to help individuals and families achieve their dreams of homeownership," said Gary Dodge, community investment director at FHLB Des Moines.

Since the program's inception more than 820 grants totaling \$4.3 million dollars have been awarded to support a wide range of housing activities. The grants can be used to provide down payment, closing cost, counseling or rehabilitation assistance to households purchasing owner-occupied units in urban communities. Eligible households are at or below 80 percent of the area median income in urban communities.
