Total Funding is greater than the Total Cost to Purchase.

A member may not provide cash back to a household at closing on the mortgage loan in an amount exceeding \$250. If the settlement statement or other closing documents show cash back to the homebuyer in an amount greater than \$250, then the member must provide documentation showing that the cash back was used to:

1. Reduce the mortgage amount by the amount of excess predicted at closing so the buyer gets the full benefit of the grant funds.
2. Apply the excess funds as a principal reduction.

I agree to comply with program requirements. Check to confirm.

When Total Funding Sources exceed the Total Cost to Purchase messaging is triggered, reminding the submitter of cash back restrictions requiring confirmation of their agreement to comply with program guidelines
